Frontend Development

Data Structures

Advance Algorithms

EDUCATION

Bachelor of Technology

University of Lucknow

2021 - 2025

Graduating with 8.75 CGPA, aspiring tech professional committed to excellence, poised for impactful contributions.

Senior Secondary

Jawahar Navodaya Vidyalaya

2013 - 2020

Class 12 achiever with 91.4% ready for next steps!

LANGUAGES

JavaScript

Java

TypeScript

PROFILE

Dedicated and proficient Full Stack Developer adept in both frontend and backend technologies, with a strong foundation in Data Structures and Algorithms. Passionate about crafting efficient and user-friendly solutions, I bring a blend of technical expertise and problem-solving skills to drive innovative projects forward

EXPERIENCE

Data Structures and Algorithms

Leetcode 2023 - 2024

- Successfully tackled over 350 coding challenges, showcasing proficiency in problem-solving.
- Demonstrated aptitude in dissecting and resolving complex issues, underpinned by strong skills in Data Structures and Algorithms.

Personal Projects

Github 2022 - 2024

- Notes**
- Developed a comprehensive full-stack web application enabling users to create, edit, and assign notes to others seamlessly. Utilized React for the front end, Node.js for the backend, and MongoDB for the database, ensuring robust functionality and smooth user experience.
- Tech Stack: React, Node.js, MongoDB
- ShoeKart:**
- Spearheaded the development of a modern e-commerce platform for shoes using React, TypeScript, and Vite.
- Tech Stack: React, TypeScript, Vite
- HarshFlix:**
- Designed and implemented a user-friendly movie search application, leveraging the OMDB API to provide comprehensive movie details.
- Tech Stack: React
- Keeper:**
- Developed a productivity-boosting Google Keep clone for organizing and managing notes effectively.
- Tech Stack: React
- Tindog:**
- Crafted a visually appealing landing page introducing a Tinder-like platform tailored for dogs, enhancing user engagement.
- Tech Stack: HTML, CSS, Bootstrap
- Made over 15 Vanilla JS Projects:**
- Demonstrated proficiency by independently creating over 15 projects using Vanilla JavaScript, showcasing versatility and competence in front-end development.
- Tech Stack: Vanilla JavaScript
